EXPERIENCE & LEADERSHIP

Democratic Alliance Student Organization (DASO) — *Secretary General*

- Managed administrative operations, organized executive meetings, and streamlined internal communications for the organization.
- Coordinated structural alignment and documentation protocols across the campus chapter.

Geekulcha Student Society (GKSS - NWU Chapter) — *Secretary*

- Handled official documentation, membership records, and event correspondence for student tech initiatives.
- Collaborated with executive leadership to plan workshops, coding sessions, and community engagement events.

North West University RiverFM — *News Reader*

- Researched, verified, and broadcasted daily news segments clearly and professionally to campus and community listeners.

Faculty Student Law Society — *Legal Officer*

- Provided foundational administrative oversight and ensured governance alignment for student faculty initiatives.

Series Auto Clinic — *Part-time Receptionist & Mechanic Assistant*

- Managed front-desk client relations, scheduling, and phone inquiries while assisting with basic automotive maintenance operations.

PROJECTS

- The Harmoni Project:** Designed and developed a holistic lifestyle management application aimed at helping students and young professionals balance health, academics, and personal growth in a unified space.
- Lerato Orphanage System:** Contributed as part of the development team to build a comprehensive orphanage management system to optimize operational tracking and administration.
- Dragon Journey:** Co-created an interactive and critically recognized game during a rigorous 48-hour Game Jam, focusing on compelling graphics and storyline (earned 2nd place recognition).
